

Followed Friend's Advice

After trying Frutola and Traxo, Mrs. L. C. Clark, 840 Melba St., Dallas, Texas, wrote to the Pine Laboratories as follows:

"I have been a sufferer from gall-stones, and Frutola and Traxo were recommended and I am glad to say I took advantage of your most wonderful medicine, with wonderful results."

Frutola and Traxo are two remedies that are used in combination. Frutola acts on the intestinal organs as a powerful laxative, softening the congested waste and breaking up the hardened particles so that easy elimination follows quickly, to the great relief of the patient. Traxo is a compound of splendid tonic properties, of special value in strengthening and restoring the system that has been weakened by constant suffering.

The Pine Laboratories have many letters on file testifying to the merit of Frutola and Traxo; letters from people who have used the remedy and know how from actual experience what it has done for them. For the convenience of the public, arrangements have been made to supply Frutola and Traxo through leading drug stores. In Anderson they can be obtained at Evans' Pharmacy, three stores.

MR. JOE SITTON

Prominent Anderson County Citizen Died Thursday.

Anderson county lost one of its best citizens Thursday afternoon in the death of Mr. Joe Sitton, which occurred at his home in the Brushy Creek township at 4 o'clock. Funeral services were held yesterday afternoon at 4:30 o'clock and interment was made in the church yard of St. Paul's church, which stands near his late home.

Mr. Sitton was in the sixty-ninth year of his age and for twenty-eight or thirty years had served as a mag-

istrate in Brushy Creek. He was widely known and his friends could be numbered by his acquaintances, as to know him was to admire him. He was a man of rare judgment and was firm in his convictions. In the administration of the duties of the office which he held for so long and to the entire satisfaction of all parties, his decisions were always fair and impartial, there seldom coming from his court an appeal.

He is survived by his wife and five children, four sons and one daughter. His death is mourned by a host of friends, both in Anderson and Greenville counties.

FIVE SALIENT POINTS

Peculiar to The Mutual Benefit Life Insurance Company of Newark, N. J.—The Leading Annual Dividend Company—Organized 1845.

1 The most favorable interest rate on settlement options during the past fifteen years—4.7 per cent per year. Our latest "A Guaranteed Income" illustrates the effect of this liberal interest rate. With the Mutual Benefit maximum protection is furnished at minimum outlay.

2 First year non-forfeiture. Our latest, "A Full Equivalent for Every Dollar," illustrates this unique Mutual Benefit feature. Mutual Benefit Life and Endowment policies are absolutely non-forfeitable after the reserve thereon exceeds \$10.00 per \$1,000 of insurance.

3 Complete retroaction, supplemented by unexpected legacies. The Mutual Benefit was the pioneer in adopting the retroactive principle, whereby new privileges, so far as possible, are extended to all old members. Our latest, "Unexpected Legacies," shows how careful the Mutual Benefit has been to preserve the mutual relation, the practical value of which is also illustrated by our latest, "Moral Cases."

4 The true Accelerative Endowment plan. The Mutual Benefit originated and adopted the Accelerative Endowment plan in 1875. Other companies have copied the name, but have not duplicated the plan. Our latest, "Endowment Policies at Life Rates," illustrates some of the advantages of the Mutual Benefit's Accelerative Endowment plan, whereby Life policies may be converted into actual Endowments.

5 Scientifically computed Contingency Reserve funds which guarantee security and which made possible the 1915 increase in Regular Dividends to policyholders. At a time like the present the Mutual Benefit's wisdom in setting aside these Contingency Reserve funds must be apparent to every one. These Reserve funds not only conserve the security of the Company, but stand as a bulwark behind its liberal dividend scale. Our latest, "Security," shows a full explanation. Send for a copy of any one of the above features (or all of them) and be convinced.

Arranging Details For Football Game

COMMITTEES APPOINTED AT MEETING YESTERDAY

MANY MATTERS WERE DISCUSSED

Publicity, Field, Team Entertainment and Dance Committees Were Chosen.

A meeting was held yesterday afternoon at 6 o'clock for the purpose of arranging committees to look after the details in connection with the Clemson-Auburn football game and to discuss means of entertainment, advertising and publicity. Those present were: Messrs. T. Frank Watkins, W. P. Nicholson, Willett P. Sloan, J. H. Godfrey, C. M. Watkins, C. D. DeCamp, Eugene Watson, John Major, S. M. Major, Jr., and Clement Hall.

It was pointed out by those present that the game is only a week off and that those who wish to make it a success from every standpoint must be up and doing. About 75 representative men of the city have signed a \$750 guarantee and it is expected that a few more signatures will be secured. In order for the attendance to be good at the game it must be given publicity and everybody must pull together in arranging for the details.

Mr. W. P. Nicholson was elected chairman of the meeting and proceeded to appoint committees. Some of the men appointed were not present at the meeting but it was known that they would be glad to assist in making the game a success. In appointing the committees it was stated that all would work together to a certain extent, especially so in the case of the entertainment for the teams committee and the committee on a dance.

Committees as follows were appointed: Advertising and publicity: J. H. Godfrey, chairman; R. S. McCully, Clement Hall, G. P. Browne, Jr., W. P. Sloan, L. L. Rice and V. B. Cheslure.

Football field: T. Frank Watkins, chairman; Jno. Major, C. J. DeCamp, W. P. Nicholson, and S. M. Major, Jr.

Entertainment of teams: Jno. Major, chairman; C. F. Ross, H. A. Orr, Louis Ledbetter and R. J. Ramer.

Dance: W. E. Watson, chairman; W. P. Marshall, C. J. M. Watkins, G. P. Browne and W. P. Sloan.

The duties of the advertising and publicity committee will be to advertise the game as much as is possible all over this section of the state. The means of going about this were fully discussed yesterday afternoon and it was decided to have large placards printed. These will be placed in Spartanburg, Greenville, Greenwood, Hartwell, Ga., and all of the smaller towns in the upper section of the state. These cards are being printed today and they will be distributed as soon as possible. The committee decided that the best way to have this done would be to have the cards sent to parties in the various towns who are responsible and who will be glad to assist in the work. In addition to this, large posters will be printed and put in the Piedmont and Northern cars and distributed along their lines. This committee has a great deal of work before it that is very important. There are several matters that must be attended to at once and, therefore, a meeting of this committee is called for this afternoon at 3:30 in the lobby of the Hotel Chiquola.

Football Grounds. The duties of the football ground committee will be to see that the field is put into good condition and that the necessary lines are made and the goal posts erected. It is very important that all cocks be off the field and these gentlemen will have this work done. A meeting of this committee will be held at 6 o'clock this afternoon in Clayton's Drug store.

Entertainment of Teams. This committee will arrange quarters for the members of the two teams at the hotels in the city and will meet them at the trains. They will also arrange transportation for them to and from Boone Vista park and will see that their stay in the city is made as comfortable and as pleasant as possible.

Dance. It is proposed to try to arrange a dance for the teams and the visitors on Saturday night, provided the necessary hall can be secured and other arrangements made. The members of this committee will also work in connection with the entertainment committee.

With only seven more days until the game, all members of the various committees are asked to attend the committee meetings when they are called. One of the biggest crowds that has ever witnessed a game of any kind in Anderson is expected to be here next Saturday and in order to have everything ready for the teams and for their entertainment and for that of the visitors, a great many things must be attended to. Assurance is coming from all over this section of the state that people are coming to Anderson to see the game and Saturday will be a memorable day for the city. The game will be played, rain or shine, at Boone Vista park and will be called promptly at 2 o'clock. The first two days tickets will be on sale and some of the visiting leaders of the city will probably have charge of this.

SPECIAL LOW RATES FOR FOOTBALL GAME

PIEDMONT AND NORTHERN ANNOUNCES RATES TO ANDERSON

SPECIAL TRAIN

Over the Blue Ridge Railway for the Clemson Cadets Will Be Run.

The Piedmont and Northern railway have announced that they will put on special low roundtrip rates for the Clemson-Auburn football game which will be played in Anderson on Saturday afternoon, October 16. These trains will be run out of Spartanburg, Greenville and Greenwood and many people from all three places are expected to take advantage of them to see the game.

Mr. E. W. Thom, commercial agent, also stated that he would be glad to give the game as much publicity as possible and that he would be glad to cooperate in any way that he could in distributing advertising matter.

The rates as announced are as follows: From Spartanburg \$2.05; Greer, \$1.50; Greenville, \$1.10; Williamston, 55 cents; Belton 40 cents; Greenwood \$1.35. The fare from all intermediate points will compare with those just given.

In all probability there will be a great number of the Wofford, Furman and Bailey Military Institute students come to Anderson for the game, as well as many from Erskine college. All of these colleges now have football and much interest is being taken in it. Besides these there will be the usual number of football fans and followers of the two teams who will come here on that date.

Yesterday morning the Blue Ridge railway announced that a special train would be run from Cherry's Crossing to Anderson and return for the Clemson cadets and that the roundtrip fare would be 50 cents. The train will be run on hours that will suit the college authorities and it will be run back as late as midnight if the cadets are allowed to stay here until that time.

"Last winter I used a bottle of Chamberlain's Cough Remedy for a bad bronchial cough. I felt its beneficial effect immediately and before I had finished the bottle I was cured. I never state or recommend this remedy to my friends," writes Mrs. William Bright, P. Wayne, Ind. For sale by all dealers.

"When you didn't have your fare did the conductor make you get off and walk?" "Only get off. He didn't care whether I walked or sat down."—Topeka Journal.

When Baby Has the Croup. When a mother is awakened from sound sleep to find her child who has come to bed apparently in the best of health struggling for breath, she is naturally alarmed. Yet if she can keep her presence of mind and give Chamberlain's Cough Remedy every few minutes until vomiting is produced, quick relief will follow and the child will drop to sleep to awaken in the morning as well as ever. This remedy has been in use for many years with uniform success. For sale by all dealers.

SALTS IF KIDNEYS OR BLADDER BOYHER

Harmless to Flush Kidneys and neutralize irritating acids.

Kidney and Bladder weakness result from uric acid, says a noted authority. The kidneys filter this acid from the blood and pass it on to the bladder, where it often remains to irritate and inflame, causing a burning, stinging sensation, or setting up an irritation at the neck of the bladder, obliging you to seek relief two or three times during the night. The sufferer is in constant dread, the water passes sometimes with a scalding sensation and is very profuse; again, there is difficulty in voiding it.

Bladder weakness, most folks call it, because they can't control urination. While it is extremely annoying and sometimes very painful, this is really one of the most simple ailments to overcome. Get about four ounces of Jad Salts from your pharmacist, and take it dissolved in a glass of water before breakfast, continue this for two or three days. This will neutralize the acids in the urine, so it no longer is a source of irritation to the bladder and urinary organs which then act normally again.

Jad Salts is inexpensive, harmless, and is made from the acids of grapes and lemon juice, combined with lithia and is used by thousands of folks who are subject to urinary disorders caused by uric acid irritation. Jad Salts is essential for kidney and bladder trouble whatever.

SADLER'S GARAGE

We are recommending our 10-1-0 and 10-2-0 and 10-2-1/2-0 for wheat and oats this fall when you sow it.

This will give it stalk and grains in the head, and that is what you want in grain. If you will sow five acres in wheat and five in oats this fall, after preparing the land well and fertilizing it well with either of these goods, you will find it advantageous. The 10-2-1/2-0 is an especially fine goods for grain. Let us hear from you.
